## ductile metal flakes

[Al], [Ni], [Cu], [Pd], [Ag], [Au], [Pb]  
[Ti], [Fe], [Co], [Zn], [Mo]  
[insitu MA-composites of all]

**ZN-AL202-ZF**  
**Zink Spray Coating**  
contains Zoz Nanostructure  
(Ultra-Fine Ductile Metal Flakes)  
for ultimate corrosion protection  
Made in Germany  
with German HKP-Technology.

semi-gloss  
fast drying  
overpaintable

**CU101-CF**  
**Copper Spray Coating**  
contains Zoz Nanostructure  
(Ultra-Fine Ductile Metal Flakes)  
high temp. lubricant + conductive  
Made in Germany  
with German HKP-Technology.

semi-gloss  
fast drying  
all metal feature

**AU202-F**  
**Gold Spray Coating**  
contains Zoz Nanostructure  
(Ultra-Fine Ductile Metal Flakes)  
for ultimate brilliance effect  
Made in Germany  
with German HKP-Technology.

mirror-finish  
fast drying  
richest decoration

**PTFE-101**  
**Solid Lubricant Coating**  
contains Zoz Nanostructure  
(PTFE + Ni composite)  
for solid & clean lubrication  
Made in Germany  
with German HKP-Technology.

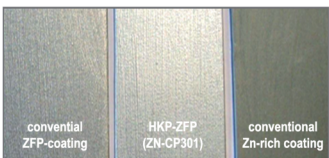

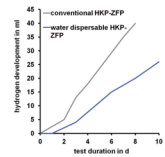

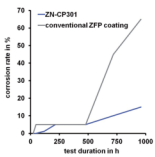

transparent  
super flexible  
protective top-coat

**C102-P**  
**Black Spray Coating**  
contains Zoz Nanostructure  
(PTFE + pigments composite)  
for ultimate color experience  
Made in Germany  
with German HKP-Technology.

semi-gloss  
super flexible  
soft touch top-coat

**CLEAN-101**  
**All Clean Spray**  
contains Zoz Nanostructure  
(fluoropolymer composite)  
everything cleaning at it's best  
Made in Germany  
with German Technology.

residue-free  
total deep impact  
degrease & prepaint
