

HPL
high power lithium

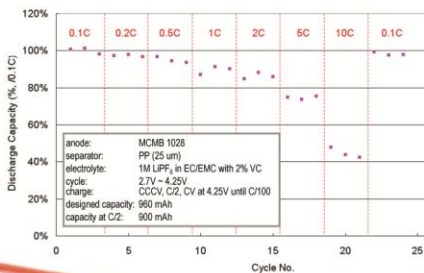

new Li-Mn-phosphate material · High Performance by Nanostructure

e. g. discharging in 10 min achieving 80% nominal capacity
safe & non-toxic · cost-effective
manufactured by Zoz GmbH

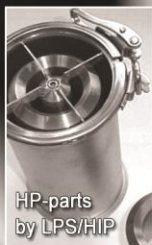

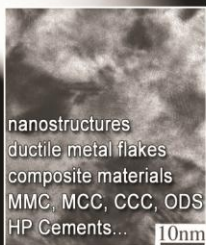

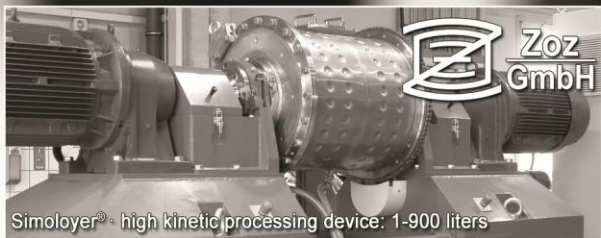

18650 prototype cell

next generation lithium batteries

ref.: HPL, Dr. Ivan Exnar, Dr. Thierry Drezen
Wenden, 26.02.2009
